KNOW YOUR RIGHTS

The Scottish Government's controversial Named Person scheme was halted by the UK Supreme Court in July, forcing the Scottish Government to go back to the legislative drawing board.

Do you want to...
...be clear about your legal rights following the ruling?
...get equipped to take action in your community?
...know how to make MSPs more responsive to the concerns of parents?

QUESTION A QC

Would you like the unique opportunity to question the QC and legal team behind the Supreme Court legal challenge?

Then come along and hear from key figures involved in opposing the scheme, including legal experts, parents and key members of the NO2NP campaign.

SPEAKERS include...
