

ROADSHOW 2016

The Scottish Government's planned Named Person scheme will undermine parents' responsibility for their own children and allow state officials unprecedented powers to interfere with family life. Come and hear what you can do to say NO2NP.

REAL PEOPLE, REAL CONCERNS

James and Rhianwen McIntosh

The McIntoshes were shocked when NHS Forth Valley told them that all four of their children had Named Persons who would automatically be sent their confidential medical records, as well as details of any missed appointments.

James and Rhianwen's story is just one of many. For more real life stories visit [NO2NP.ORG/STORIES](https://no2np.org/stories)

11 REASONS TO SAY NO

- 1 Your child gets a Named Person whether they want one or not
- 2 The Named Person will police your child's 'wellbeing'...
- 3 ...and 'wellbeing' means happiness
- 4 The Named Person will be a co-parent checking your performance
- 5 The Named Person can obtain and share private information
- 6 The Named Person will be told things parents aren't
- 7 If you don't 'engage' you'll get a black mark against you
- 8 Those that really need help will be missed
- 9 Health visitors and teachers are busy enough without being called upon to act as Named Persons
- 10 Pilot schemes haven't been the roaring success supporters claim
- 11 Many of those who'll be operating the scheme still don't know what it involves

For more info on why you should say NO to Named Persons visit [NO2NP.ORG/11REASONS](https://no2np.org/11REASONS)
